OLYMPIC GAMES

THE AUTHOR'S CORNER

TREASURE HUNT

FRESCO

4

CHAIN REACTION

MAZE

TEAM BEAT

ENNIO MORRICONE

AUDITORIUM

MAXXI

Team Building / Team Challenge

VERTICAL GARDENS

Vertical gardens can be created in a thousand different ways, using various materials.

Thus, flowers, plants or vegetables can be grown inside special containers. In fact it is a sort of miniature hanging gardens and, if made with good taste, they also constitute beautiful original decorative solutions as well as being very useful because they allow you to have herbs and vegetables at hand with the added satisfaction of having grown them all by himself.

On your part you need only commitment and creativity, we will take care of the rest, as always!

Team Building / Team Challenge

VERTICAL GARDENS

Vertical gardens can be created in a thousand different ways, using various materials, by recycling and reusing products otherwise destined for..

We will give you all the material you need to create your vertical vegetable garden to take to the company or perhaps to donate to a school as a teaching tool. You can sow or use already mature plants to be able to enjoy the finished work right away.

- Here team building becomes **useful, green and social.**

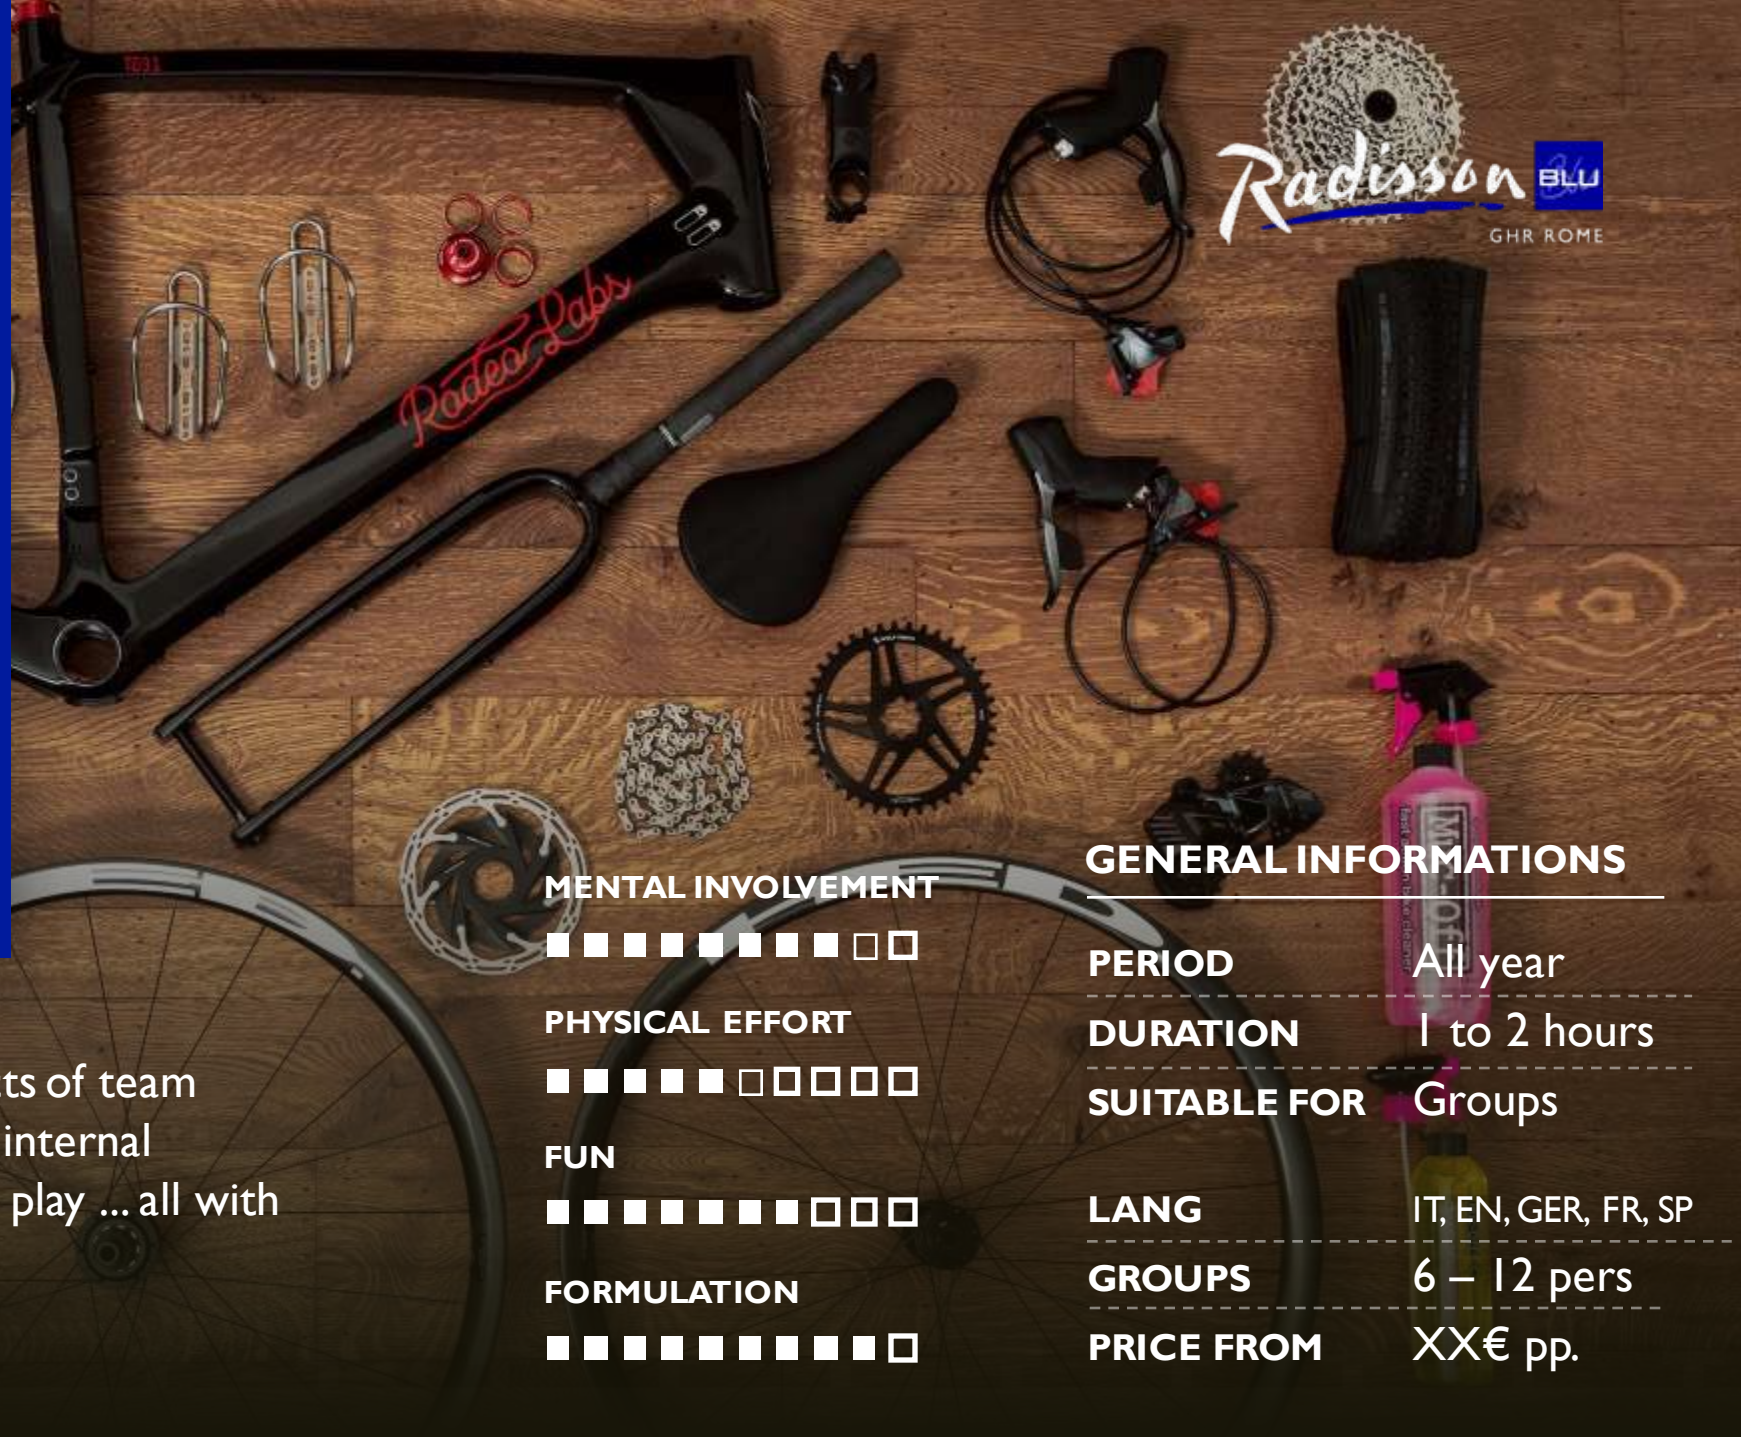

Three magic words that will make your event unique and extremely engaging.

Team Building / Team Challenge

BIKE BUILDING

Bike Building is a social, experiential format with a strong emotional value in which the team's goal is linked to a useful and concrete purpose.

The activity has in itself all the aspects of team building. It is designed to strengthen internal communication and encourage team play ... all with the common goal of giving a smile.

DURATION 1 to 2 hours

SUITABLE FOR Groups

LANG IT, EN, GER, FR, SP

GROUPS 6 – 12 pers

PRICE FROM XX€ pp.

Team Building / Team Challenge

BIKE BUILDING

Concentration, patience and dialogue will be needed to synthesize the conceptual and manual contribution!

Participants will be divided into teams and each will have the goal of building a bicycle, working side by side. Bicycles can be of various sizes and materials, for both children and adults!

We will provide all the components to assemble the bike and the necessary tools. At the end of the day the bicycles will be donated to the non-profit associations identified by the customer.

LOGISTICS

Each team will work on building their own bicycle.

- Should a team finish before the others, they can make themselves available to help others with their intent.
- We prefer to make everyone work in the same environment without dividing them into separate rooms. The set-up takes about 30 minutes.

Team Building / Team Challenge

CREATIVE RECYCLING

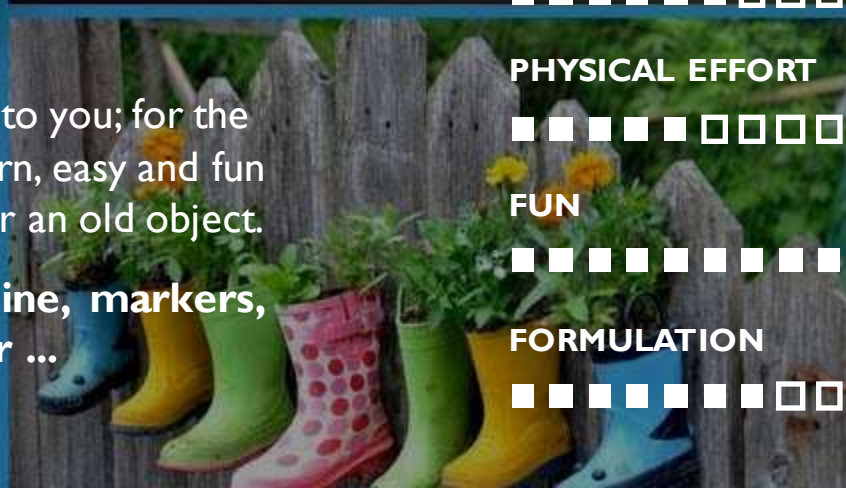

Have you ever thought about reusing a material that is apparently useless?

There are artists from all over the world who create beautiful works of art with the most amazing products.

We will make all kinds of material available to you; for the teams the challenge will be to create modern, easy and fun sculptures, but also to identify a new use for an old object.

Paper, cardboard, plastics, wire, plasticine, markers, tempera paints, fabrics, sponge rubber ...

The choice is yours!

Team Building / Team Challenge

CREATIVE RECYCLING

Have you ever thought about reusing a material that is apparently useless? There are artists from all over the world who create beautiful works of art with the most amazing products.

We will be able to give the teams a subject so that each team can develop their art according to a specific concept: an idea, a motto or the philosophy of the company. Another idea is to give a limit to the use of materials by providing, for example, a limited budget for each team and a price for each material or for the time of use.

The activity is highly customizable. In the design phase we will decide together the theme of the construction and the materials to be foreseen. We can have the groups work separately on different works, making the activity competitive or have them all work together for a single and great work. Our formats are always flexible to meet every need.

Cod. RCF01

Creating a complex sculpture made of particular materials requires good work planning and excellent teamwork.

Team Building / Team Challenge

GREEN ENERGY

The intent of this team building is to raise awareness and inspire companies to change their approach to consumption and improve their energy efficiency.

Hence the idea of this innovative project of which we are the promoters, with the aim of accommodating all those requests that have sustainability at the center of every action.

PRICE FROM	65€ pp.

GREEN ENERGY

Having the participants carry out simple instructions is not in the interest of team building which instead aims to stimulate creativity, collaboration, communication and team working between the various team members.

The mechanism can be implemented in many different ways and the outcome of the activity will depend only on the participants themselves. Here are some starting ideas for the construction of the machine:

- **Wind turbines.** Are you outdoors on a particularly windy day? Do you have a spirit of adaptation? The mechanical energy of the moving air can be strong enough to cause a displacement of the blades
- **Swing.** It is possible to take advantage of the oscillating movement of a propulsion swing. Fun and useful at the same time!
- **Wheel.** Making a wheel and taking advantage of its rotary motion is a great classic. What will be the most efficient wheel?

Team Building / Team Challenge

5 SENSES

With each sense, an activity is associated and the team must agree to provide a unique answer.

This leads to inevitable mediation between the participants for the definition of the team.

At the end of the activity the staff will draw the ranking and proceed with the awarding of the team that will have obtained the best score.

PRICE FROM	65€ pp.

5 SENSES

5 senses is the Team Building event where one tests one's senses, smell, touch, taste, sight and hearing. With each sense, an activity is associated and the team must agree to provide an answer. The activities are customized from time to time

based on customer requirements, based on location and the season.

The following is an example of activities done with seasonal fruits and vegetable in Rome

HEARING

The participants will be blindfolded and taken to the kitchen, they will have to recognize the noises they hear!

TOUCH

Water, soft wheat flour, eggs "elbow grease"!!! These are the ingredients for the creation of the famous Tagliatelle.

SIGHT

Participants will be shown a series of foods, fruits, vegetables and other items and will be asked to paint a picture

SMELL

we will prepare cocktails and ask participants to smell them without having tasted them but only "sniffed"!

TASTE

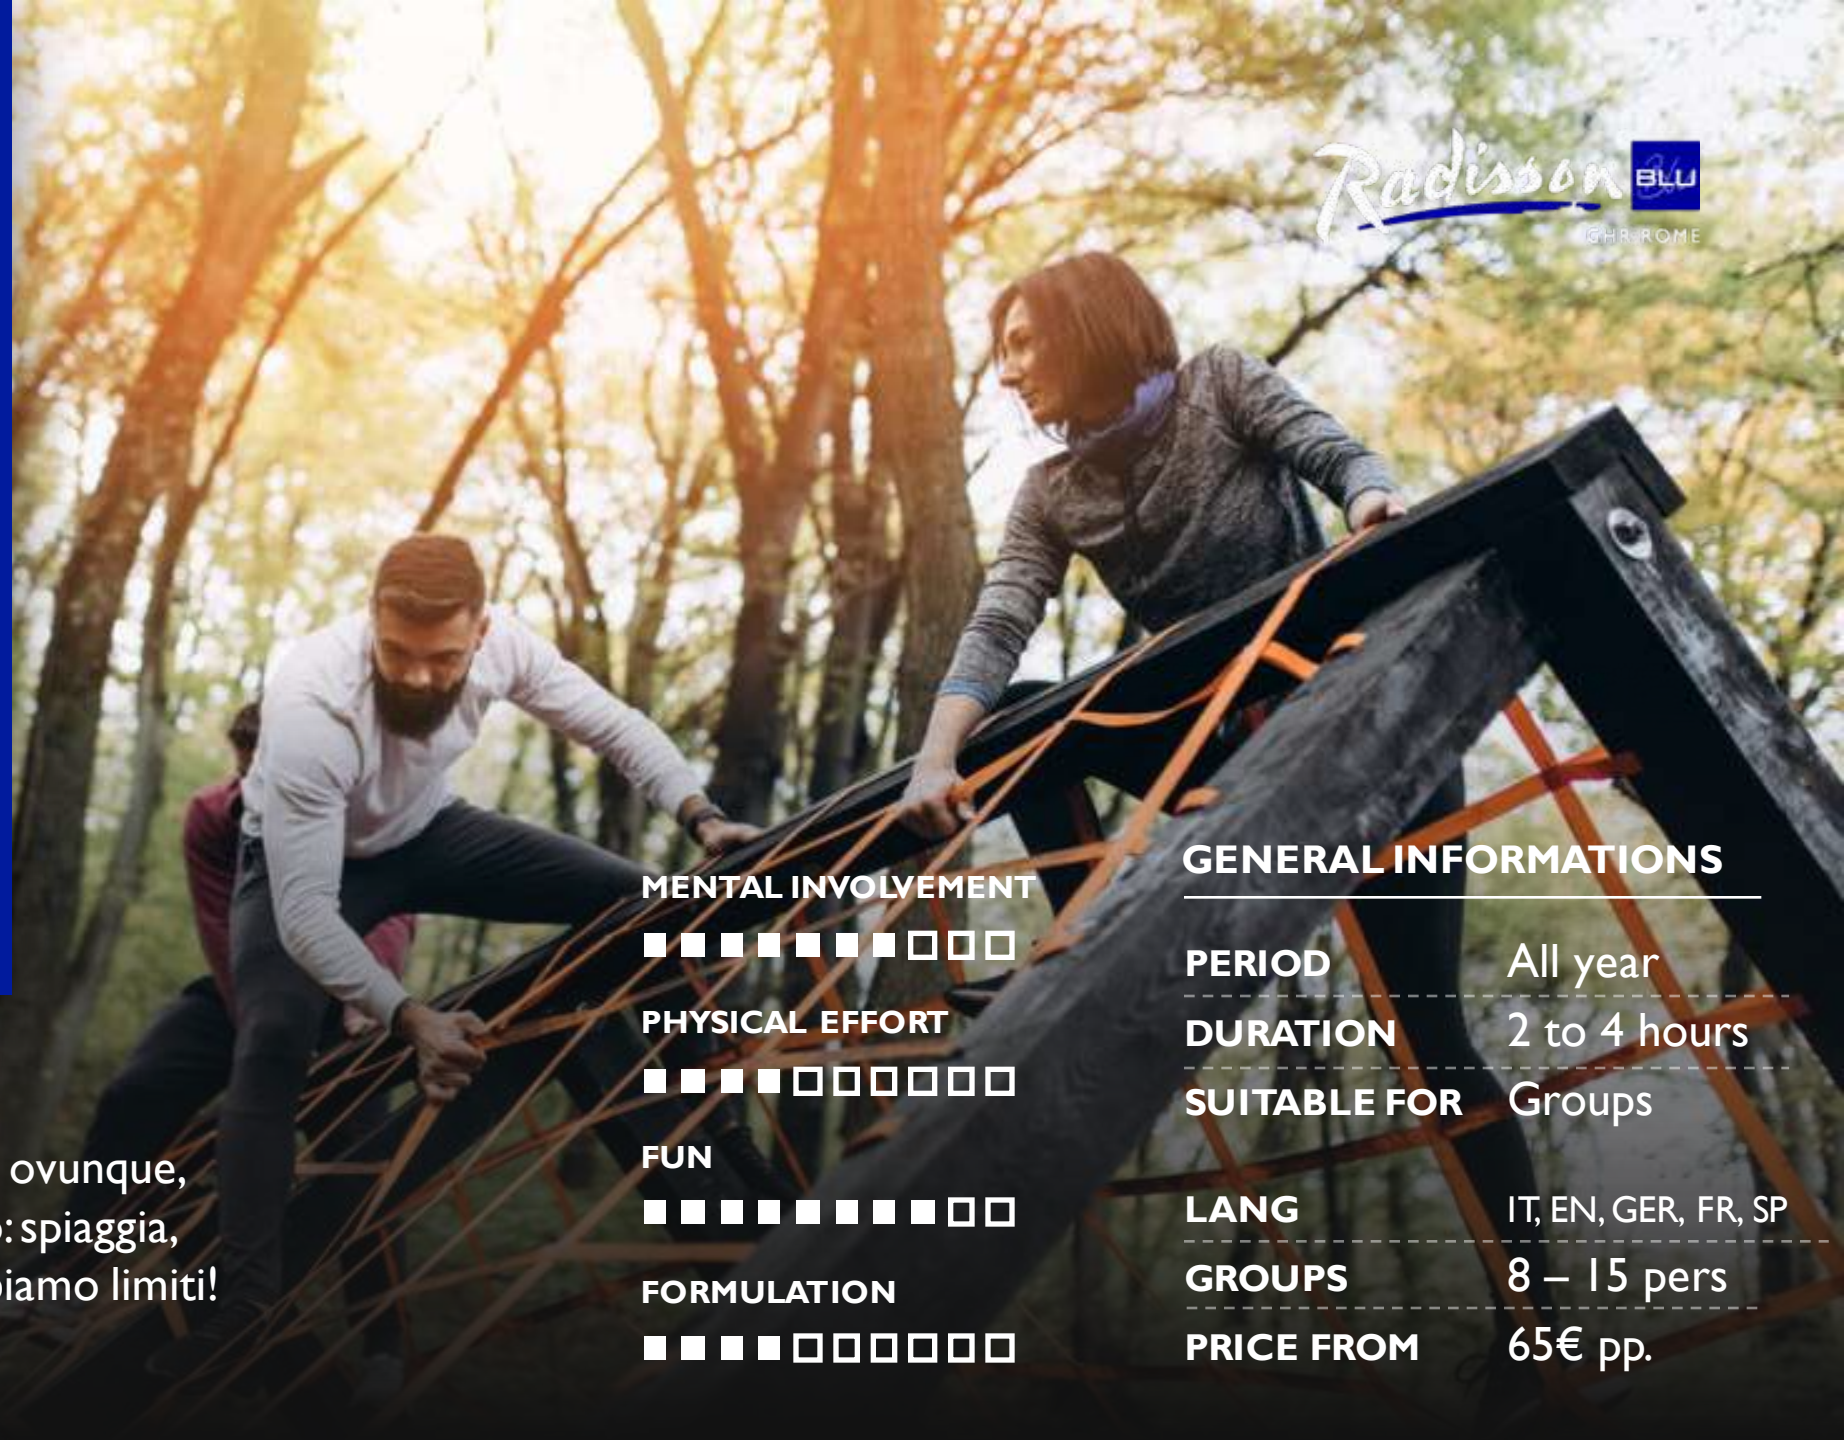

participants will be offered a selection of wines from the local winery and will be asked to identify the origin...

Team Building / Team Challenge

BOOT CAMP

I partecipanti saranno coinvolti in un'attività avventurosa durante la quale avranno la possibilità di conoscersi, divertirsi e sfidarsi in diverse prove stando a contatto con la natura.

Queste attività sono praticabili ovunque, abbiamo bisogno solo di spazio: spiaggia, bosco, giardino etc etc non abbiamo limiti!

BOOT CAMP

Participants will be involved in an adventure activity during which they will have the opportunity to get to know each other, have fun and challenge each other in different tests by being in contact with nature.

The group will be divided into teams of about 10 people and several activities will be activated at the same time so that everyone is always active and involved.

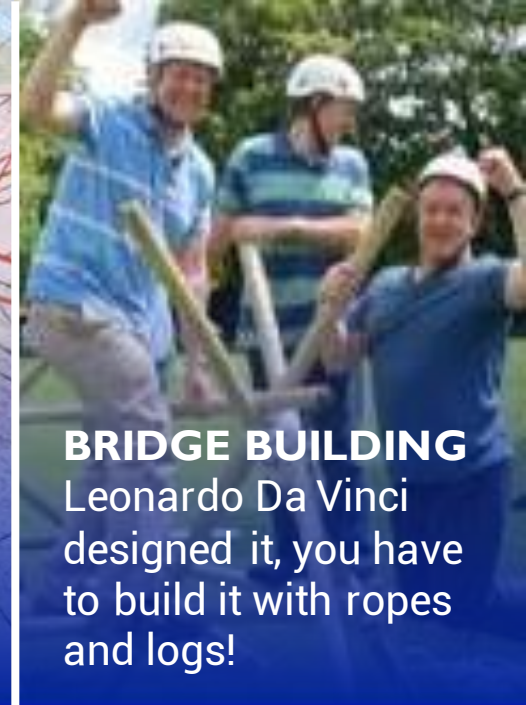

These activities are feasible everywhere, we need only space: beach, forest, garden etc etc

We have no limits!

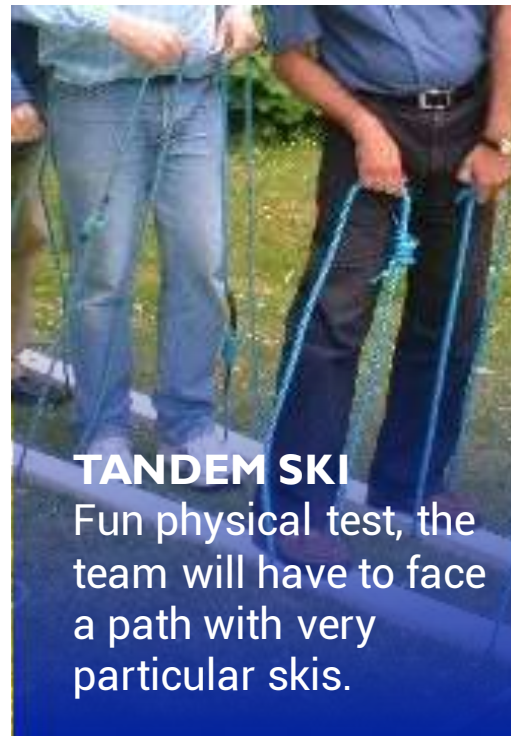

ORIENTING

Orientation is at the base of this activity, we use compasses, GPS and satellite maps.

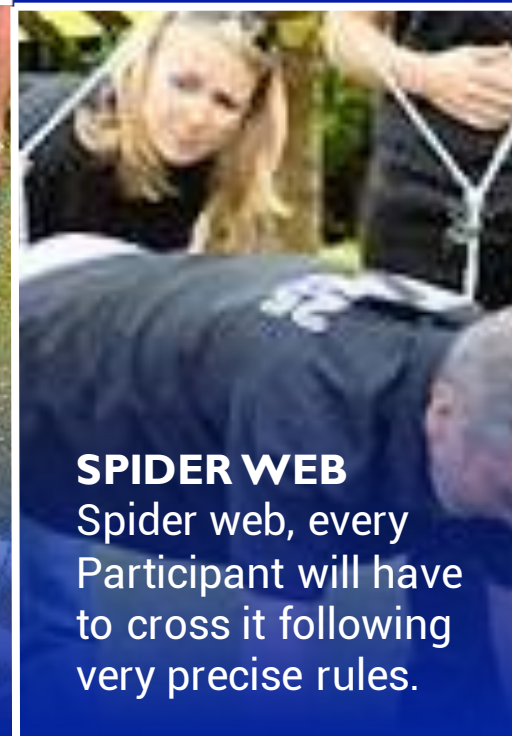

BRIDGE BUILDING

Leonardo Da Vinci designed it, you have to build it with ropes and logs!

TANDEM SKI

Fun physical test, the team will have to face a path with very particular skis.

SPIDER WEB

Spider web, every Participant will have to cross it following very precise rules.

MONSTER TRUCK

Route by remote control vehicles huge radio controls, scale 1: 8, can you lead them to the finish line without penalty?

Team Building / Team Challenge

THE ACTOR'S STUDIO

The theater has always been a powerful metaphor for corporate life, in the theater everyone has a well-defined role and you cannot make mistakes because the paying public does not forgive!

The format is extremely flexible, ranging from drama to comedy, from the musical to the busy theater up classic Italian operas.

Team Building / Team Challenge

THE ACTOR'S STUDIO

All the necessary stage costumes, wigs and tricks, will be made available for the creation of the show.

During the time available, the participants will have to stage a piece of a musical or theatrical recital or we will ask them to take care of the whole process, from writing the script to the choice of music to the costumes up to the actual representation.

Each team is followed by one of our coordinating actors to help the team to express the talent that is in each of us.

INCLUDES

Each expense of equipment and resources necessary to conduct the proposed activity for people of planned staff :

- 250 stage costumes + wigs and accessories,
- PC for music, sound effects and projection backdrops

Any other equipment that will be agreed upon during the event planning

Tour /

MURDER MISTERY DINNER

How can a simple dinner become the scene of a crime!?

Our actors will stage an enigma worthy of Agatha Christie in which all the guests have some elements to share with others to reconstruct what happened.

Everyone is potentially guilty and everyone knows something ...

COOKING

Each group will have the task of collaborating in the creation of the dinner

Cooking training - Each group will have the task of collaborating in the creation of the dinner (the menu will define it together to follow).

- Preparation of an appetizer**
- Preparation of a first course**
- Preparation of a 2nd first course**
- Preparation of a second course**
- Preparation of a dessert**

We can also assign a defined budget to a team and a list of ingredients to be purchased, to find the ingredients each group must then go "shopping" (being able to use only written orders to be delivered to the staff).

Team Building / Team Challenge

C.S.I. PROJECT

Who stole your most important project?

Your guests, divided into investigative teams, will have to analyze and collect information on different sets of investigation appropriately set up by our detectives and solve quizzes and enigmas sown by the culprit.

At the end of the different tests the teams will have to fill in a report where to list all the clues collected and to indicate the resolution of the case.

C.S.I. PROJECT

We divide the groups into teams of about 8/15 people, depending on how much time we have available and how many participants there are.

This activity is really suitable for everyone, organizing activities that are so different from each other, united by the intrigue of the investigation, we can satisfy both the younger ones with physical activities and the less dynamic ones with more mental activities.

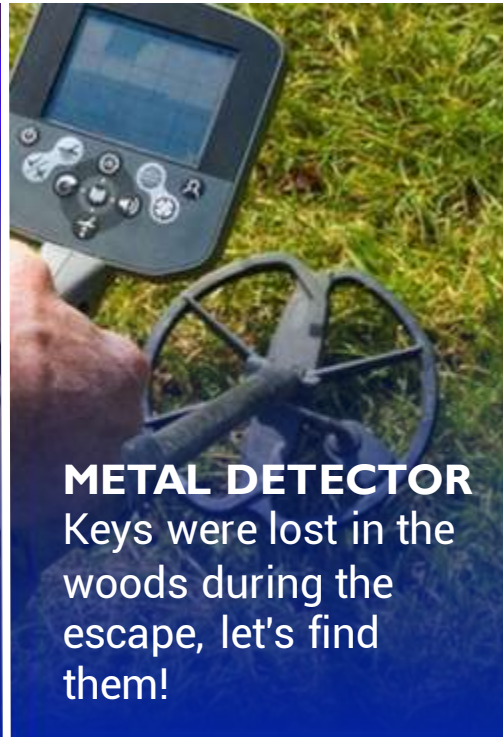

FINGERPRINTS

Research, identification, survey and comparison of fingerprints.

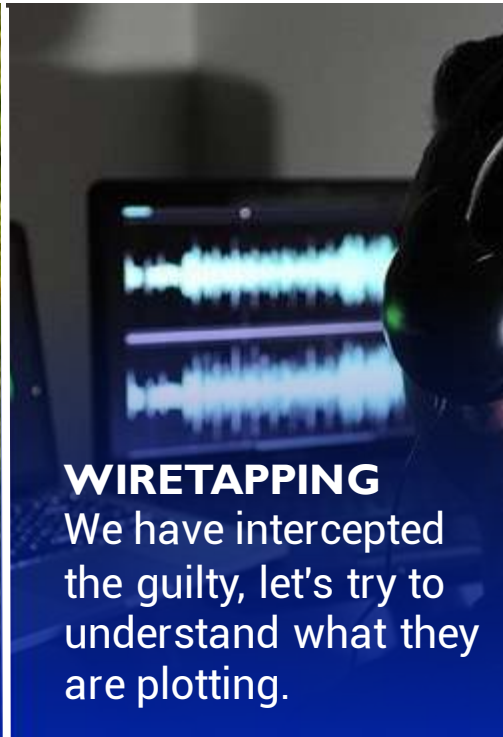

HIDDEN CLUES

With the lamp of wood, you see things that cannot be seen with the naked eye!

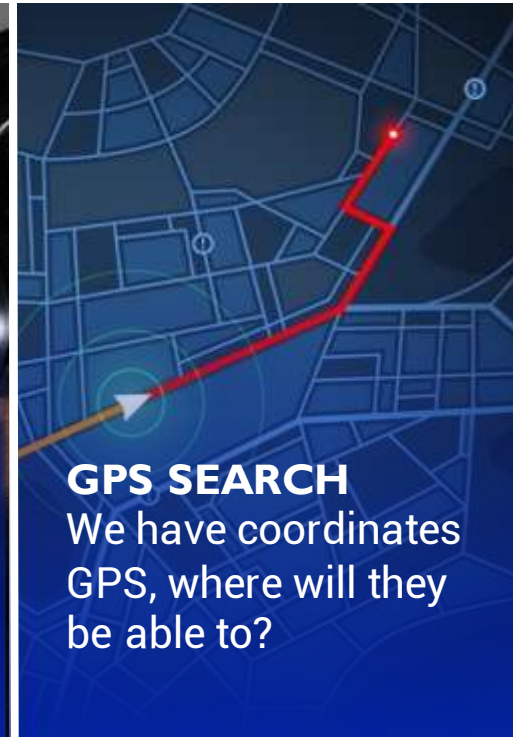

METAL DETECTOR

Keys were lost in the woods during the escape, let's find them!

WIRETAPPING

We have intercepted the guilty, let's try to understand what they are plotting.

GPS SEARCH

We have coordinates GPS, where will they be able to?

Team Building / Team Challenge

LEGO BUILDING

Many of us did it later,
as a father. Oh Mother...

Who of us has not played with Lego as a child? But this time we will do things big, we will have a wonderful space available, many hands and above all several thousand bricks, a huge number of pieces to create real sculptures with mythical original Lego bricks!

At the end of the different tests the teams will have to fill in a report where to list all the clues collected and to indicate the resolution of the case.

Team Building / Team Challenge

LEGO BUILDING

The creation of a sculpture with Lego bricks necessarily involves a planning of the work to be carried out and a full sharing of the project by the team members.

This activity allows you to work on the same project even if the group is very large, we will in fact give each group a different task and only at the end the various parts will be assembled.

In other cases, on the other hand, we allow the participants maximum freedom to express themselves by creating a sculpture based on an assigned theme previously studied with the client.

Team Building / Team Challenge

OLYMPIC GAMES

Participants will be involved in a fun sports activity during which they will have the opportunity to get to know each other, have fun, work in a team and challenge each other in different tests.

We therefore focus more on playful and team aspects to make this activity accessible and usable by everyone.

OLYMPIC GAMES

Activities:

Marathon - athletic running test, each team must indicate the 3 best athletes who will compete in a race inside the park.

Soccer penalty kicks -a tournament to eliminate the final style of the World Cup, but you play the best of 10 penalties,

Archery - archery tournament, but the shooter will be blindfolded and must be helped by teammates for hit the target!

MiniGolf - we will set up a minigolf course on the lawn / ground

Handball - Olympic sport with a small difference, there will be 2 balls on the court!

Soccer-link - the athletes will be tied two by two

Trial cycle - we will set up a rough path to be tackled with mountain bikes, not only the speed matters! Eye to precision ...

100 meters flat - a classic of the Olympics, but this time we run backwards!

Beam - team balance test! All team members will have to cross the beam holding hands without falling, every time a member will fall you will have to start all over again!

Tennis target - a table and objects to drop one team per side and 10 tennis balls to be used as bullets!!!

Kayaking - route with buoys to be tackled with Kayaks inflatable seats for 3 people

Team Building / Team Challenge

THE DIRECTOR'S CORNER

We enter the world of cinema projecting our guests on a real set!

The group will become a video production company taking care of the entire production process, from the ideation of the spot or short film, to the casting to the identification of the most suitable scenography!

Each participant will have a specific task, director, actor, make-up artist, cameraman, audio technician, sound and light etc.

THE DIRECTOR'S CORNER

Each group will have a complete kit for the creation of an advertisement or short film, with a digital HD camera, clapper board, tripod, lamps etc.

The theme of the films will be agreed with the customer before the event, it can be a service product of the company but also the representation of one of the values of business.

We will also provide participants a track to follow for the creation of the film, lasting 30 seconds / 1 minute.

At the end of the activity the teams will have to give the camera and the screenplay to the staff, with all the details of the case, identification of the scenes, duration of the same, background music, titles and writings.

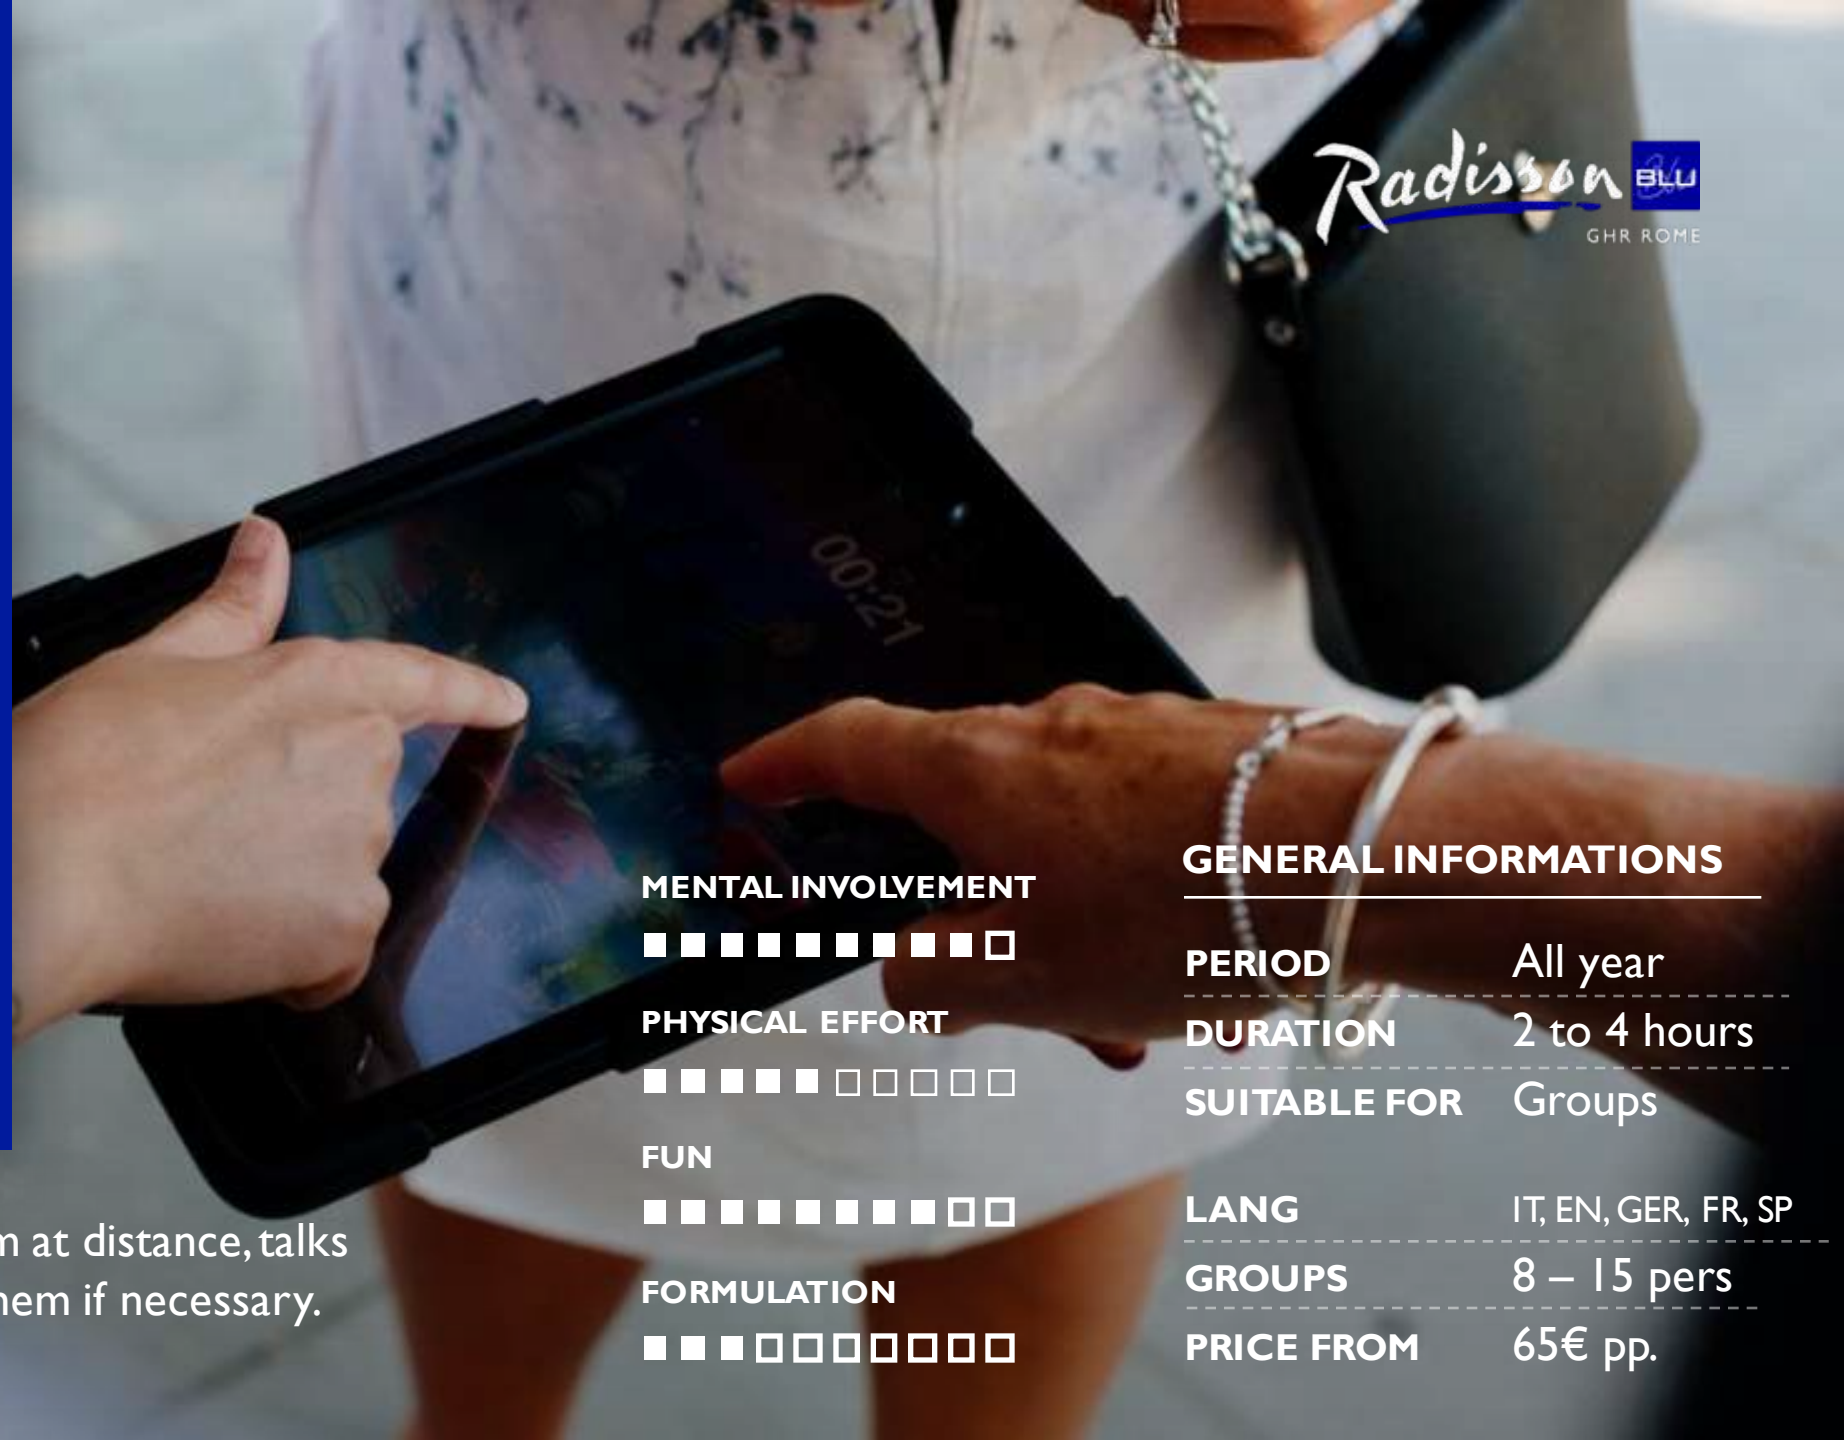

Team Building / Team Challenge

TREASURE HUNT

The participants will have to deal with a real treasure hunt based on digital technology and Internet.

They will receive a Tablet with an Internet connection and a software that will give them the possibility to communicate and send photos to the jury.

A staff person follows each team at distance, talks to them, and he may even call them if necessary.

CHAIN REACTION

This activity is really suitable for everyone, organizing activities that are so different from each other, united by the intrigue of the investigation, we can satisfy both the younger ones with physical activities and the less dynamic ones with more mental activities.

The materials available vary from event to event, depending on the space we have available and on the actual time of activity. Below is a list of materials that we provide the basis for this activity, but do not hesitate to ask us more specific requests, perhaps including your product in the wonderful mechanisms that you will create.

- *Wood, strips, plywood, sticks, sticks, skewers and toothpicks.*
- *Paper, cardboard, cardboard.*
- *Plastic materials of various kinds, pipes, sheets, and bricks.*
- *Balls of various shapes, materials and consistency*
- *Bolts, parker screws, screwdrivers, pliers*
- *Iron wire, brown and colored tape, glue*

This activity is extremely fun, but it is also very suitable for training events, where the metaphor helps the trainer bring back the experience in the company and in everyday life at work.

Team Building / Team Challenge

MAZE

With this brand new format we offer you a practical alternative to the famous Escape Room!

Maze is a beautiful logic game in which each component of the team will have to make available their individual skills to try to solve the puzzles.

Purpose of the game: do not blow the bomb!

Team Building / Team Challenge

TEAM BEAT

A game between voice and rhythm, that anyone can reach. This skill connects people and releases vibrant energies through the mind and body.

The group experiments with rhythm and percussion using musical instruments of the African and / or South American tradition. This experience allows them to be transported far away, testing the mutual listening, which naturally leads to the harmony of the sound, listening to yourself, singing and staying in tune with one with the other.

The techniques we use allow you to proceed step by step and to arrive, in three or four hours, to work in groups, as a group.

This activity is liberating and perfectly reflects the life of the company: only when everyone "plays his instrument" the result as an "orchestra" is excellent!

This activity is extremely fun, but it is also very suitable for training events, where the metaphor helps the trainer bring back the experience in the company and in everyday life at work.
