SUSTAINABILITY

Radisson Cardiff & Radisson Hotel Group is proud of our great track record as a truly responsible business—in practice as well as in theory.

We aim to leave a positive impact on our guests, our employees, the environment, and the communities we serve.

Some of our initiatives this festive period that the hotel has adopted.

RECYCLING INITIATIVES: Paper: After your festive gatherings, all paper waste including wrapping paper, menus, and decorations are collected and sorted for recycling. By recycling paper, we reduce the demand for fresh wood pulp, conserving trees and energy.

ENERGY EFFICIENCY: LED Decorations: Our Christmas decorations are adorned with energy-efficient LED lights, consuming less electricity compared to traditional lighting. This reduces our carbon footprint while creating a festive ambiance.

SUSTAINABLE PRACTICES: Eco-friendly Alternatives: Wherever possible, we opt for eco-friendly alternatives such as biodegradable straws for our events. These alternatives reduce the environmental impact of our gatherings.

GUEST ENGAGEMENT: Guest Involvement: Guests are invited to join us in our efforts by properly sorting their waste and participating in our recycling programs. Together, we can make a significant difference in preserving the planet for future generations.

BOOKING TERMS & CONDITIONS
