UNIQUE SOLUTIONS

Augmented reality (AR)

01 The technology allows to supplement the chosen space with necessary elements and the events will unfold right before the user's eyes.

Used for AR-conferences, AR product launches, AR-shows, AR-concerts and other events.

AR in online studio

02 We will design an augmented reality for you: create a content according to your request including unique graphic elements and move them into the online studio with a special equipment.

We will create an extraordinary world for your event and supplement speakers' and performers' introduction with spectacular elements.

Comprehensive support

03 **Abd: Entertainment** agency will provide a full event cycle: from the concept and design to a unique graphic and video content and minutely planned scenario, including lights and sound.

CATERING AND OTHER HOTEL SERVICES

Outside catering

01 Emphasize the highest level of your event by ordering personal boxes for your participants right from the kitchen of a legendary hotel!

Gastronomy masters cooking for you have been sharpening their skills during banquets for heads of states, CEOs and other VIP persons for more than 10 years.

Cultural coffee-breaks

02 Organize a hotel excursion for your participants through a virtual tour where you can use VR glasses.

See a unique hotel art collection: 1977 Diorama of Moscow, a collection of soviet sculptures, a famous picturesque plafond and a vast collection of 1950s' paintings.

Security

03 The organizers are provided with additional negotiation rooms for a tactically safe event organization.

The hotel has implemented an enormous list of safety measures based on WHO and Federal Service for Surveillance on Consumer Rights Protection and Human Wellbeing recommendations: from giving PPE and rooms disinfection to personnel supervision.
